

Everyday's a Holiday

Everyday's a holiday when you smile, When you think of holidays it's smiles by miles

Everyday's a holiday when you smile, Celebrate a holiday, smile, smile, smile

Turning up the corners of your mouth then you turn a corner instead of heading south

Open your eyes wider it's a thrill to see someone over there is smiling back at me

Everyday's a holiday when you smile, When you think of holidays it's smiles by miles

Everyday's a holiday when you smile, Celebrate a holiday, smile, smile, smile

Raising your arm higher as you give a wave, coming back or going you can pick your fave

Oh right you are then, it's time to go, you can choose to make it either fast or slow

Hey, hey, let's celebrate, It's OK to be a little late

Ha, ha, and la de da, now's the time to say hurrah!

Everyday's a holiday when you smile, When you think of holidays it's smiles by miles

Everyday's a holiday when you smile, Celebrate a holiday, smile, smile, smile

Seeing friends and family is so much fun, makes you smile and laugh until the day is done

Gathering together in a special place takes a smile out of the air and puts it on your face

Everyday's a holiday when you smile, When you think of holidays it's smiles by miles

Everyday's a holiday when you smile, Celebrate a holiday, smile, smile, smile

Hey, hey, let's celebrate, It's OK to be a little late

Ha, ha, and la de da, now's the time to say hurrah!

Everyday's a holiday when you smile, Celebrate a holiday, smile, smile, smile

Everyday let's celebrate, having fun with our mates

Ha, ha, and la de da, now's the time to say hurrah!

...let's celebrate, having fun with our mates

Ha, ha, and la de da, now's the time to say hurrah!

Valentine's Day

On Valentines Day, in our very own way we'd each like to say, I love you, I love you

Show someone a smiley face, that's a friendly thought
Spare a thought, another one, and it might get caught
We all have a special place to give and receive
Everyone can love each other this you can believe

On Valentines Day, in a funny way we'd each like to say, I love you, I love you

Be my valentine, you're a friend of mine, every day we love, we celebrate another

Valentines Day, in our very own way we'd each like to say, I love you, I love you

Love can come in many shapes that start with the heart
Love is what you start to make when you feel the spark
Put some feeling into it, a whisper or a shout
When we put our hearts together love grows great amounts

On Valentines Day, in our very own way we'd each like to say, I love you, I love you

Be my valentine, you're a friend of mine, every day we love, we celebrate another

Valentines Day, in a funny way we'd each like to say, I love you, I love you...

Easter's for Eggs

Easter's for eggs, Easter's for eggs, How does a bunny rabbit hop with Easter's for eggs.

Easter's for eggs, Easter's for eggs, there is a bunny dropping off Easter's for eggs

Have you ever seen him give his ears a flop?

Have you ever seen him, hop, hop, hop, flop, flop, flop

Will he bring some candy, does he have a chick?

Will he bring a nest full, made of grass, mad of sticks

Easter's for eggs, Easter's for eggs, How does a bunny rabbit hop with Easter's for eggs.

Easter's for eggs, Easter's for eggs, there is a bunny dropping off Easter's for eggs

Can he hop on one foot or must he jump on two

Carrying a basket filled with treats, what a feat!

Easter's for eggs, Easter's for eggs, How does a bunny rabbit hop with Easter's for eggs.

Easter's for eggs, Easter's for eggs, there is a bunny dropping off Easter's for eggs

Does he ever stop to rest, is he ever out of breath

Can we ever catch him, try your best, be my guest

Easter's for eggs, Easter's for eggs, How does a bunny rabbit hop with Easter's for eggs.

Easter's for eggs, Easter's for eggs, there is a bunny dropping off Easter's for eggs

(Instrumental Verse)

Easter's for eggs, Easter's for eggs, How does a bunny rabbit hop with Easter's for eggs.

Easter's for eggs, Easter's for eggs, there is a bunny dropping off Easter's for eggs

Have you ever seen him give his ears a flop?

Have you ever seen him, hop, hop, hop, flop, flop, flop

Easter's for eggs, Easter's for eggs, How does a bunny rabbit hop with Easter's for eggs.

Easter's for eggs, Easter's for eggs, there is a bunny dropping off Easter's for eggs...

Mother's Day

Mother's Day comes in May, you can make your mother's day
And it's a good time to say I Love You, I Love You

Can you imagine what it would be like
Just one day without your mother, can you, can you imagine
She is so special, with you day and night
She is warm and cuddly, that's right, and full of passion

Mother's Day comes in May, you can make your mother's day
And it's a good time to say I Love You, I Love You

She is like a flower turning to the light
And you might be tiny but she, yes she can see you
You've made a present, colorful and bright
When she sees it, Delight!, her eyes are flashing

Mother's Day comes in May, you can make your mother's day
And it's a good time to say I Love You, I Love You

Now it's time to celebrate and you can elaborate
Tell your mother it's her day, it's hers, and you've been planning
Just a little something that you figured out
She's that special someone you can't do without

Mother's Day comes in May, you can make your mother's day
And it's a good time to say I Love You, I Love You...

Father's Day

Hey, Hey, Hey, it's father's day, on father's day we'll celebrate
Hey, Hey, Hey, for father's day, for father's day let's make a date

To play some, to say something for a great mate
Play ball & stand tall, won't it be great

Hey, Hey, Hey, it's father's day, on father's day we'll celebrate
Hey, Hey, Hey, it's father's day, for father's day let's make a date

To have fun & then run around the place
To make up a card with a happy face

Hey, hey, hey, it's father's day
Say, say, say, say, happy father's day

Hey, Hey, Hey, it's father's day, on father's day we'll celebrate
Hey, Hey, Hey, it's father's day, for father's day let's make a date

To tell your dad that you're glad he's around
To let you know that you're on solid ground

Hey, Hey, Hey, it's father's day, on father's day we'll celebrate
Hey, Hey, Hey, it's father's day, for father's day let's make a date

Hey, hey, hey, it's father's day
Say, say, say, say, happy father's day...

On Holiday

We're all going on a summer holiday, we can laugh and we can play
We're all going on a sunny holiday, we can go or we can stay

Seeing something new come right out of the blue
We don't have to try to see the world go by on holiday

We're all going on a summer holiday, we can laugh and we can play
We're all going on a sunny holiday, we can go or we can stay

It's a merry chase getting to this place
Where we can have a ball after all on holiday

We're all going on a summer holiday, we can laugh and we can play
We're all going on a sunny holiday, we can go or we can stay

Where sand gets in my shoe by a cool patch of blue
Splashing in the sun is bucket loads of fun on holiday

We're all going on a summer holiday, we can laugh and we can play
We're all going on a sunny holiday, we can go or we can stay

Wherever we may be there are lots of things to see
Whatever we may do, our dreams are coming true on holiday, on holiday

We're all going on a summer holiday, we can laugh and we can play
We're all going on a sunny holiday, we can go or we can stay

We're all going on a summer holiday, we can laugh and we can play
We're all going on a sunny holiday, we can go or we can stay
On Holiday....

Halloween

Halloween, you know what I mean, Halloween, it's a scary scene
Halloween, you know what I mean, Halloween, it's a scary scene

Ghost & witches fly about, boo & whisper, cackle & shout
They can sweep right through the air, a sheet or broom will get them there

Halloween, you know what I mean, Halloween, it's a scary scene
Halloween, you know what I mean, Halloween, it's a scary scene

Little goblins can alarm like an elf without the charm
Shadows make strange or funny shapes, make you laugh or make you shake

Halloween, you know what I mean, Halloween, it's a scary scene
Halloween, you know what I mean, Halloween, it's a scary scene

Jack-o-lantern, pumpkin head, bats are flying 'til they're fed
From All flock like birds flying in the dark

Halloween, you know what I mean, Halloween, it's a scary scene
Halloween, you know what I mean, Halloween, it's a scary scene

Funny eyes, long noses too, lips & tongues & lots of drool
Spiders glaring from their webs, silhouettes fill you with dread

Halloween, you know what I mean, Halloween, it's a scary scene
Halloween, you know what I mean, Halloween, it's a scary scene

Halloween's a time to meet creatures from the trick or treat
Can you boo & cackle too, like a ghost from witches brew

Boo, ha ha ha ha ha ha, Boo, ha ha ha, Boo, ha ha ha ha ha ha, Boo, ha ha ha

Halloween, you know what I mean, Halloween, it's a scary scene
Halloween, you know what I mean, Halloween, it's a scary scene

Boo, ha ha ha ha ha ha, Boo, ha ha ha, Boo, ha ha ha ha ha ha, Boo, ha ha ha...

Christmas Time

Christmastime is a happy time, you can make a rhyme and sing
Christmastime is a family time for sharing and giving

Bells swinging, chimes ringing, stars twinkling, elves sprinkling
Stardust on the Christmas tree as Santa comes down the chimney

Christmastime is a happy time, you can make a rhyme and sing
Christmastime is a family time for sharing and giving

Fa, la, la, la, la to you, fa, la, la, ha, ha, too
Singing songs is fun to do so we'll sing a song or two

Christmastime is a happy time, you can make a rhyme and sing

Santa Claus Flies (on a Rocket Ship)

Santa Claus flies on a rocket ship, a rocket ship, a rocket ship
Santa Claus flies on a rocket ship and takes a supersonic trip

Did you ever wonder how a reindeer flies over a cow
How a sleigh filled up with toys can get to every girl & boy

Santa Claus flies on a rocket ship, a rocket ship, a rocket ship
Santa Claus flies on a rocket ship and takes a supersonic trip

Like a comet rockets last 'til Dancer Prancer Blitzen blast
Booster rockets have the knack of going around and coming back

Santa Claus flies on a rocket ship, a rocket ship, a rocket ship
Santa Claus flies on a rocket ship and takes a supersonic trip

Santa Claus is coming faster than you think
Santa Claus is coming on a rocket ship

Did you ever stop to think when the skylights start to blink
Guiding rockets in the night, Rudolph is the nose cone light

Santa Claus flies on a rocket ship, a rocket ship, a rocket ship
Santa Claus flies on a rocket ship and takes a supersonic trip

If you wish upon a star it can take you very far
When you dream on Christmas night watch for Santa's flashing light

Santa Claus flies on a rocket ship, a rocket ship, a rocket ship
Santa Claus flies on a rocket ship and takes a supersonic trip

Santa Claus is coming faster than you think
Santa Claus is coming on a rocket ship...
A Rocket Ship...

Holidays Stay With Us

After all your holidays really are the best
After playing with your friends you can have a rest
It's that dreamy quality holidays impart
Happiness comes over you and it warms your heart
Playing on a sandy beach, castles at your feet
Having the time of your life, these golden days you meet

Memories of holidays stay with us all our lives

Remembering your holidays really are the best
After playing with your friends you can have a rest
Flowing 'round a river bend or jumping in a lake
Having the time of your life, these golden days you make

Memories of holidays stay with us all our lives
Remember, all our lives, Remember, all our lives
Remember, all your life
